

# SENIOR PROJECT MENTOR FORM

I have agreed to mentor \_\_\_\_\_, who is a student at Cuba High School. I am aware that this student must pass all phases of the Senior Project to graduate.

For the paper, he/she has chosen to write about \_\_\_\_\_. This mentor form is due by **Friday, September 20, 2019**.

For the project component, he/she has decided to

Briefly describe what the student you are mentoring needs to do in order to complete the project described above and include expected expenditures:

I fully understand that the selection of the project component is a decision made independently of the staff and administration of the high school. All consequences of the project choice, production or experience, unless otherwise stated, rest solely with the student and parent. I also realize that the project must be in some way related to the research paper and represent a learning stretch.

As a mentor, I realize my responsibilities include supervising project progress, advising the student over the course of the project, and documentation of the time the student spends on the project (minimum of 15 hours for physical project/30 hours for volunteering).
